SSLC: 80**%**

AREAS OF INTEREST

- Full-Stack Web Development
- Database Management
- Cloud Deployment & DevOps Basics

SKILL SET

Proficient in: C++, Java, SQL

Familiar with: HTML, CSS, React js, Spring Boot

Soft Skills: Problem-Solving, Leadership

ACADEMIC PROJECTS

Hotel Room Booking and Management System Using React.js, Spring Boot, and MySQL

• Developed a complete hotel room booking system with modules for room availability, customer registration, reservation management, and payment tracking using React.js, Spring Boot, and MySQL.

• Implemented RESTful APIs for real-time room status updates and automated booking confirmation workflows; validated system performance with test datasets to ensure accuracy and reliability.

Tourist Safety Application Using React Native, Express.js

•Developed a Tourist Safety Application using React Native and Express.js with features like emergency contact support, real-time location sharing, and secure user authentication.

•Built responsive mobile interfaces and REST APIs to ensure smooth communication, safety assistance, and improved user experience for travelers.
